

June 3, 2019 Building & Grounds Committee Meeting Notes

Jen, Margo, Nan, Aileen, Jeff, Andy, Kathy N

1. Rain Garden and back patio area

Add dappled willows to area next to patio. Nan and Margo to add more plants in the front for rain garden. Ornamental grass is ordered. Aileen will get some help to prepare the ground. Percolation test.

Need to sink outdoor signage in cement (rain garden and outside sign)

2. Lattice plantings back of building. 4 x 8 — off the wall. Will need to get pricing for lattice by Friday so that we can see if it is in budget \$. Project okayed

Milkweed on side of building—add to create butterfly garden; Aileen to bring cages to house//babysit the process. 3 on back of the building. Project okayed for Aileen.

3. Possible permanent floor gazebo — pavers or concrete slab. 1 to 2ft beyond over-hang. Pour cement with stamped impression on stone. Andy and Jeff will research pricing.

4. General grounds work. Need load of dirt. Need more annuals. More mulch in bags needed. Need weeding.

Next meeting:

Hood vent — still need to get info on what needs to be done and usage of stove

Bathroom cleanup — get more input to create budget

Sealcoating for parking lot and seal for patio - Andy will bring information.
