

Building and Grounds Committee
2021-09-01

In attendance: Jeff, Cooper, Curt, Marc, Rachel, Julie, Aileen, Mike, Kristin

Stone Grill: Curt is working on repairing the stone grill. A new stainless-steel grate has been ordered and the inside has been fixed up.

Curt got 3 bids for new gutters:

- -All Season Gutters: 4k
- -Gutter Systems of Michigan: around \$5800
- -Leaf Guard 16k

Jeff will run the \$5800 quote from Gutter Systems of Michigan by the Board for approval.

Butterfly Garden: Aileen has been working on butterfly garden. It didn't take off as well this year as expected. Aileen suggests killing any orange bugs, bees, wasps, or spiders you see eating on the milkweed. Lady bugs are good and should not be killed. Will try again next year.

Bulletin Board: Marc is working on fixing up the bulletin board near the firepit. It will have new decorative backing, a cover to keep rain out, maybe a couple solar lights, and Jay will paint a design on the back.

Concession area: We have a quote from Jen at Chelsea Lumber.

- Cabinetry \$3200 + labor
- Laminate tops: \$2225 + labor
- Granite tops: \$5200 + labor
- Will also get a quote from Mark Mulder and Paul Merryfield for labor putting in cabinets and countertops.

Some members have interest in clearing out some of the vines and brush along the back-fence line. Some are concerned it will take away the privacy and sound barrier. Jeff will take it to the board for consideration.
