

## Historical Committee Report

January 20<sup>th</sup>, 2022

- On December 17, Mark S. & Paul W. used the facilities at UM Duderstadt Center to capture 251 high-res images of the 13 WAC history boards that document WAC history from 1969 to 2019.
- Paul W. worked with Mike C. to install a WordPress plugin on the WAC web site to display timelines.
- Paul W. configured 5 of the 13 boards in a timeline on the WAC web site. The page is not visible to the general public yet. On seeing the first draft of the timeline on the web, Pat Reilly said "Perfect!".
- Objective is to complete the timeline encompassing the 13 history boards for review in February by the Historical Committee, Communications Committee, and WAC BoD. Following approval, the timeline will be made available on the WAC web site.
