

Building and Grounds Committee Meeting
February 3rd, 2020
Andy, Jeff, Kristin, Kathy, Aileen, Curt

Projects for the year:
Men's Bathroom
Front concession area
Floor in Gazebo

Men's Bathroom—

1. Quote from Patrick Brady
2. Jeff will look at wholesale on parts
3. Does price include discounts
4. Ask Patrick to come explain pricing
5. Women's bathroom might need larger door to become handicap accessible.
About \$300
6. How much time? To complete and when can we start. Need to get PortaJohn for the construction time.

Ice maintenance message from Margo

Neil came and salted later on Saturday

Prior Monday was not treated either. Need to have someone on regular basis come and take care of it. Andy told Neil do it and not to be too concerned about the cost.

Suggestion: can we install a Lean-to for fire pit area?

Andy will get with KSI; Jeff will ask someone he knows to look at it also.

Gazebo flooring: Andy will get with Cosmo for pricing. Poured concrete would be expensive. Jeff will give a price and try to organize volunteers.

Leaves on side yard - need to move leaves in spring again (neil committed to get it done).
